Welcome from Serena Heathcote

Thank you for expressing your interest in becoming our new Repairs Director.

Thank you for expressing your interest in becoming our new Repairs Director.

We're a customer-focused housing association providing housing and support services across the North East, Yorkshire and Humber. Today, we own and manage more than 36,000 homes, with more than 1,600 colleagues supporting around 100,000 customers.

This is an exciting time to join Team Thirteen. We're delivering our Business Strategy, built around three priorities: happy customers, fantastic homes and brilliant people. We're also embedding our values of accountable, proactive, courageous and considerate in everything we do.

But we know there's more to do.

We're looking for a Repairs Director who'll help us build on our progress and shape the future of our repairs service. This is an opportunity to lead one of our largest operational teams, delivering responsive repairs, empty homes, compliance and supply chain services that make a real difference to our customers every day. You'll provide strategic leadership across a complex, fast-paced service, ensuring we deliver safe, high-quality repairs while continually improving performance, customer satisfaction and value for money. You'll also play a key role in developing our people, strengthening partnerships and helping us transform the way we deliver repairs.

If this sounds like the opportunity you've been looking for, I look forward to hearing from you.

Serena Heathcote
Chief Customer Officer

Who we are

We're a mid-sized housing association that provides around 100,000 people in the North East, Yorkshire and Humber regions with homes, support and opportunities to grow.

First things first – we're proud to put our customers at the heart of everything we do.

That means investing millions of pounds each year to keep our homes safe, secure and well maintained.

It means supporting people who need help to get onto the housing ladder, pay rent and to keep their home in good repair.

And it means building high-quality new homes for rent and shared ownership (we're a strategic partner in Homes England's Affordable Homes Programme).

But we don't just manage and build homes.

We help people into work and training.
We deliver services to prevent homelessness and support people affected by domestic abuse.

And we continue to take decisive steps towards net zero, as we reduce our impact on the environment.

Of course, we know we can't do everything on our own and so we place great importance on working with our partners and listening to their views.

After all, we're better together!

If this sounds like your kind of thing, please do read on.

We're passionate about providing equal opportunities and welcome a broad diversity of talent to apply for our vacancies.

Our strategy

Our Business Strategy 2024-2035 is all about achieving our vision to be the most trusted housing association, with happy customers.

Following feedback from our valued staff and partners, we made it short, simple and snappy.

Alongside our vision, it articulates our mission, strategic priorities, values, and how they all fit together.

You'll find all the detail in the strategy document itself, including clear objectives, statements of ambition describing where we want to be in 2030 and 2035, and how we'll measure our progress along the way.
